The long selling industrial intercom system has been upgraded. It now comes with a new headset.

A convenient, headset type phone system allowing hands-free operation.

Suitable for use in construction site, forestry, heavy industry, airport, harbor, warehouse, sports event, broadcasting studio, etc.

- *Rugged and light-weight new headset. Can be donned under a hard hat.*
- *The new headset equipped with high-performance noise cancelling microphone, making possible clear transmission even under noisy environment.*
- *Simultaneous two-way communication in a hands-free manner.*
- *Simple operation with three-position switch, CALL/OFF/TALK. Buzzer on amplifier box sounds when called; switch to TALK and communication starts.*
- *Two "AA" dry cells in each amplifier box powers the whole system; no external power necessary.*
- *Up to seven units connectable in the line. Can cover distance of 10km (in one-to-one connection).*

Headset with amplifier/buzzer box
